SUMMARY

As a recent graduate of the Faculty of Engineering with a major in Electromechanics, I've shifted to front-end development. I'm passionate about creating user-friendly and responsive websites. Through self-learning and formal training, I've completed several projects that showcase my skills in HTML, CSS, JavaScript, and modern front-end tools.

INTERNSHIPS

Digital Egypt Pioneers Initiative (DEPI)   **May 2024 - Present**

I've worked on diverse front-end development tasks, including:

- APIs
- Responsive Design
- ReactJS
